Since then, the project has undergone cardinal changes, but the spirit of competition is still here. In the role of a football manager you have to bring your guys to the World Cup. Tactics and correct actions are your friends all the time. Gameplay, of course, is inferior to such a project as Dream League Soccer 2019, but there are a lot of interesting ideas here too. In the updated version, you can not only assemble the players before the match, but also participate in matches. Install hacked version to get advanced management features.
